You should be familiar with the rubric before you write your essay on the exam. Yes, the rubric actually appears on the exam for you to refer to.

I feel more confident about writing on demand. This information is very helpful.

I'm so glad you gave us all those essays to do! We definitely have had a lot of practice.
Most essay exams are graded with a rubric that looks at various parts of your writing.

A rubric:

- explains what each part of your essay should look like
- gives you a clear picture of what is expected in your work
- allows you to improve upon the areas where you need work
- helps you to look at model pieces of writing so you know what good writing is
